Mr Alexandru-Ionut Chiuta
Counsellor
Ministry of National Education,
Romania
alexandru.chiuta@edu.gov.ro

Dear Mr Chiuta,

I would like to personally thank you for your participation as a panellist at our workshop concerning the first year of operation of the European Professional Card (EPC) and the Alert Mechanism on 16th May.

We had a very high number of participants (close to 150) attending and watching the live web-streaming of the workshop. The feedback we received was very positive and your presentation and your contribution to the discussions greatly appreciated.

I hope you agree that the workshop was useful in clarifying a broad range of issues linked to the introduction of the European Professional Card and the Alert Mechanism and that it also provided participants with the opportunity to share their experiences and to constructively exchange views on these initiatives. It gave us plenty of food for further improvements.

The ideas and input we received from this event will be of great value in our further work over the coming months assessing the take-up of these electronic procedures and further developing the system.

If you would like to review any of the day's events, the recorded web-streaming of the Conference will be available at the following website:

http://ec.europa.eu/growth/tools-databases/newsroom/cf/itemdetail.cfm?item_id=9109

Once again, many thanks for sharing your knowledge and experience in this domain and looking forward to the opportunity of working with you in the near future.

Yours sincerely,

Mr Hubert Gambs
